'84 CASCIAN

CASCIAN

ST. RITA HIGH SCHOOL
CHICAGO, ILLINOIS
1984 CASCIAN
VOLUME 47

THE 1984 CASCIAN

THE ST. RITA FAMILY. It is a phrase that we have all heard many times before and we really believe that we are a "Family." We show it by the way we take PRIDE in our attitudes, actions, and responses to each other and also in the way that we want St. Rita to be NUMBER ONE!

Part of the definition of a "Family" is, "A group of people that share common characteristics." But not all of the people of the "Family" are alike. This diversity gives an exciting atmosphere to the group and does not make them stale or boring. Our common characteristics are tied up in the fact that we are always trying to make St. Rita the best that we can make it in whatever we do.

This year's CASCIAN will try to show just what St. Rita is, and also to show you who the people are that are trying to make us the best that is possible.

CONTENTS

ST. RITA FAMILY . . . . . *Color Portraits, and Interesting Facts About the Students and Teachers . . . Pages 4-79*

ACADEMICS . . . . . *Teacher-Staff Development, National Merit Winners, New Curriculum Testing Program, Etc. . . . Pages 80-95*

SPORTS . . . . . *State Playoffs — Football, Hockey, Soccer, Baseball — and All the Rest of the Year . . . Pages 96-131*

ACTIVITIES . . . . . *New Organizations, Student Government, New Activities Director, Etc. . . . Pages 132-171*

APPENDIX . . . . . *Listings of Students, Teachers, and Senior Activities List . . . Pages 172-184*

FAMILY

1. Dan Acosta presents his mother with a corsage at the band's last home performance.
2. Terry Quinn and Pat Quinn honor their mothers at Rita's last home football game.

SR

Dear St. Rita Family,

We find ourselves at the conclusion of another year. The year has gone by fast and many exciting times have been shared by all of us who call ourselves 'THE ST. RITA FAMILY.' Care, concern and love have again drawn all of us together in a special bond. We have all grown in our knowledge of each other and our understanding of how God works in his subtle but beautiful ways in our school. Together we have experienced the pain of defeat and the joy of victory physically, mentally and spiritually. All of our experiences have helped to build us into a group of people characterized by care, concern and love. In all, I feel that this past year has been a very good one for St. Rita and all who count themselves as part of this dynamic Catholic educational community.

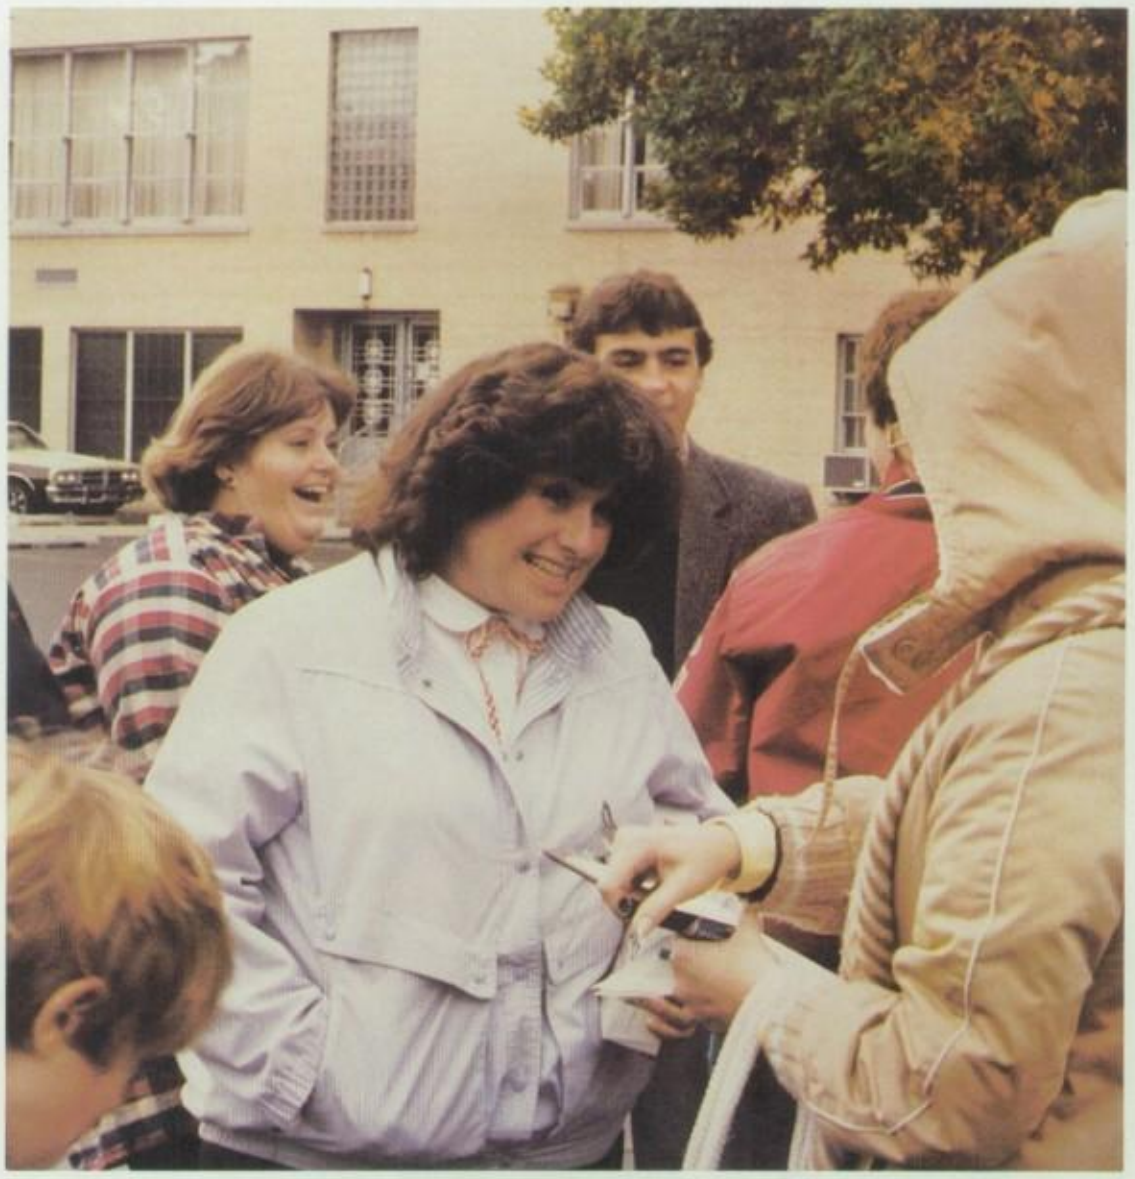
Jesus calls us to build ourselves and our world, to make it better, to make it more! I feel that we have done this successfully this past school year. All of us working together, as best we can, (being the frail human beings we are), have responded to Jesus' call. If we take an honest look at how we have progressed this year, we could say: 'WE HAVE GROWN!', and that is what St. Rita High School is all about.

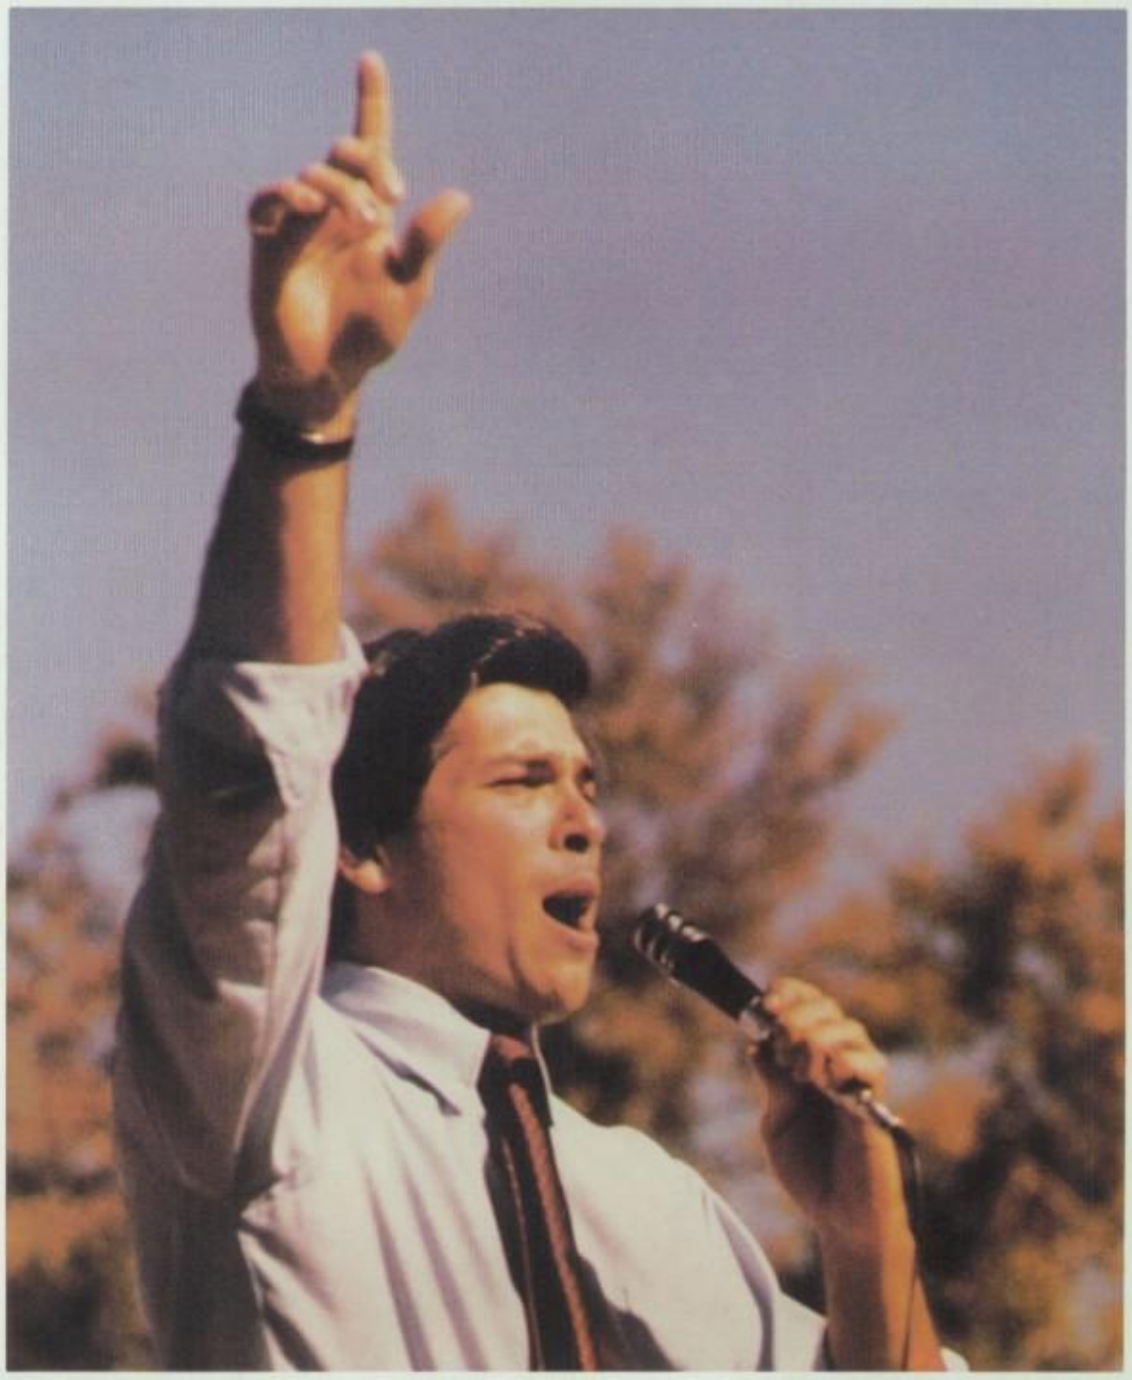
During the past year we have experienced many successes. Academically, we have shown, again, that we are among the best educational settings in the city and state. Our accomplishments were: men who qualified as National Merit Finalists, a large number of men who scored perfect scores of '5' on the Advanced Placement Exams administered by Princeton University, more than one fourth of the student body being represented on the honor roll each grading period, many Senior men receiving scholarships to some of the finest colleges and universities of our country. And this just names some of our academic achievements this year. Spiritually, we have prayed together as a school community, individually and by class. We have prayed for ourselves, our school, our families, our world. We have reached out to those in need: canned food drives, the Missions, a young man from a neighboring Catholic grammar school who needs a new heart – we have been generous with our time for each other and for those who need to experience our care and concern outside of our 'family.' We have come closer to our loving God! Socially, our school spirit is unbeatable by others and envied by them. We have learned to have a good time together and enjoy each other at our dances, our concerts, our pep rallies, and assemblies. Our sport teams have again been ranked among the best in the area and the state and our support of our teams has been recognized by many, even to the level of the national press. We seem to have come to a better realization that there are times to play and times to be serious. We really enjoy a good laugh together and fun times and, most important of all, we take time each and every day to show our care for each other by talking, listening and being together. All of this makes us 'SPECIAL' – this is the key to our feeling like 'THE ST. RITA FAMILY.'

This has been a 'GREAT' year for all of us. We may not have the most beautiful school in the city, but we sure have what every school would like to have 'great and loving people.' We truly have become 'family' in a very special way and all of us are grateful for the many blessings given to us by a loving, caring FATHER! Congratulations to all of us on a successful year together! We look forward to being even better in the future. May God bless us, now and forever!

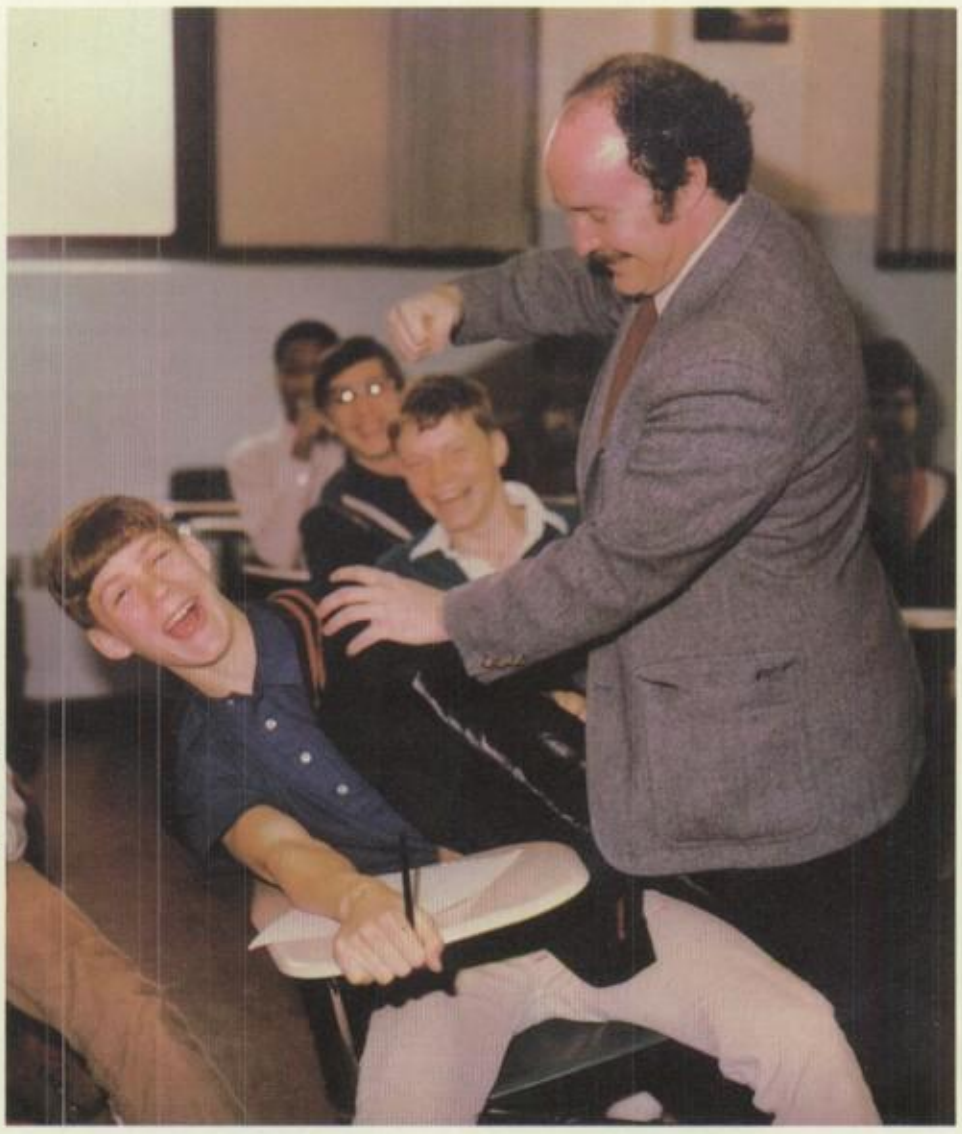
Fr. Pat Murphy, OSA

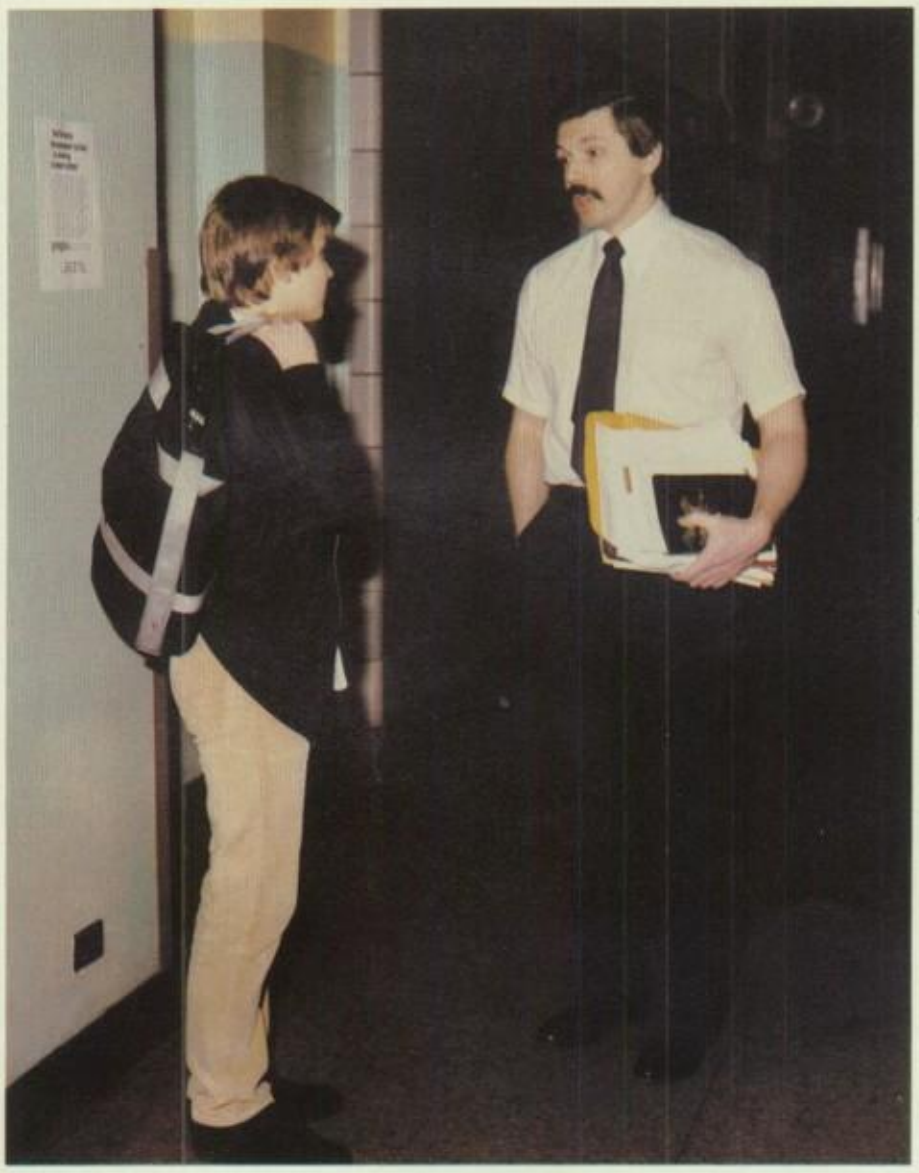
FACULTY





1. Ms. Surico shares a laugh in preparation for the Homecoming parade.
2. In keeping with tradition, Mr. Segredo fires-up the St. Rita fans at a classically high spirited pep rally.





1. Fr. Murphy preparing to present bouquet to Homecoming Queen.
2. Mr. Scanlon uses unorthodox method of teaching on Mike Griffin.
3. Mr. Kisicki holds a conversation with one of the students.
4. Fr. Murphy and Fr. Van Overbeek sharing their sense of humor with us.

FAMILY PROFILE

GRAPHS, GRAPHS, AND MORE GRAPHS

In helping to understand what makes up the St. Rita Family, these graphs help show what is Rita's background. Among the graphs are facts about the students and parents. They also tell us what the "FAVORITES" of Rita are. These graphs are taken from surveys completed by members of the senior and junior classes. The choices for "FAVORITES" were not landslide victories, for the most part, because of the diversity in our students which makes us a very exciting and interesting school. For interesting facts and figures read on.

SENIOR CLASS — VANGUARD OF CHANGE

More than any other class, the senior class represents the vanguard of change in the Rita family of this year.

The seniors leave behind a wealth of contributions, sacrifices, accomplishments and memories that enrich the entire family "scrapbook."

The seniors will go on, however, to college successes, to careers of high stature and pride, to their own personal family lives — and as alumni, they will continue to be older, wiser and more mature members of the same family they left behind at graduation.

In that sense, the senior class — and no class of students, before or after them — ever really leave. The St. Rita family is a continuous living thing that reaches out to all its members in all places, at all ages, and at all times.

The St. Rita Administration stressed staff development, an improved discipline system, basic Catholic values and improved relations between all staff members in the 1983-84 school year.

Under the leadership of Fr. Patrick Murphy, OSA, the first alumnus to be made Principal of St. Rita, the school moved forward on all these fronts.

A staff development program was added to help teachers improve their classwork; three years of math and science were added as requirements for graduation; a discipline system that stressed "fairness, consistency, a strong policy towards offenders and respect for teachers and fellow students" cut down the number of offenses in the school by over 1,750; Catholic values were instilled in every classroom by the Principal; and a Community Relations Committee chaired by Mr. Bamberger were all implemented this year.

The school also moved forward physically, with new doors added to Egan and the continued work to raise funds to renovate Green Hall; athletically, with three state-ranked teams in football, hockey and baseball leading the way; and in terms of improved student performances, with the Student Attrition program under Mr. Guy Hofer enjoying great success.

"Most importantly, Fr. Murphy has made the whole school a comfortable, supportive place to work", said Vice Principal Mr. Mike Kisicki. "His stress on communication between students, teachers, parents and administrators have brought the school together; and his demands for consistency, integrity and understanding from all his teachers and administrators have really brought alive the concept of the Rita family."

Fr. Murphy was assisted in his first year by Prior and Vice-Principal Fr. Roland Follmann and Assistant Principal Mr. Joseph Bamberger, and Vice-Principal of Studies Mr. Michael Riley and Vice-Principal of Discipline Mr. Michael Kisicki.

Also, Director of Development Mr. James Segredo; Director of the Student Adjustment Program Mr. Guy Hofer; Director of Recruiting/Admissions Mr. Timothy Scanlon; and Director of Data Fr. Casimir Pazera.

Also, Vice-Principal of Athletics Fr. Richard McGrath and Assistant A.D Michael Moyzis; Vice-Principal of Activities Br. Frank Paduch; Vice-Principal of Christian Formation Fr. Robert Pare; and St. Rita Teachers Association President Mr. James Angsten.

The entire academic program of the school, including its disciplinary, religious and social programs, were highly praised by the North Central Committee, which visited St. Rita this year and evaluated every aspect of the school. Mr. Bamberger, who coordinated the visit by the educational experts of the North Central, felt that "this was easily the best evaluation, and the highest commendation, I have ever seen a high school receive."

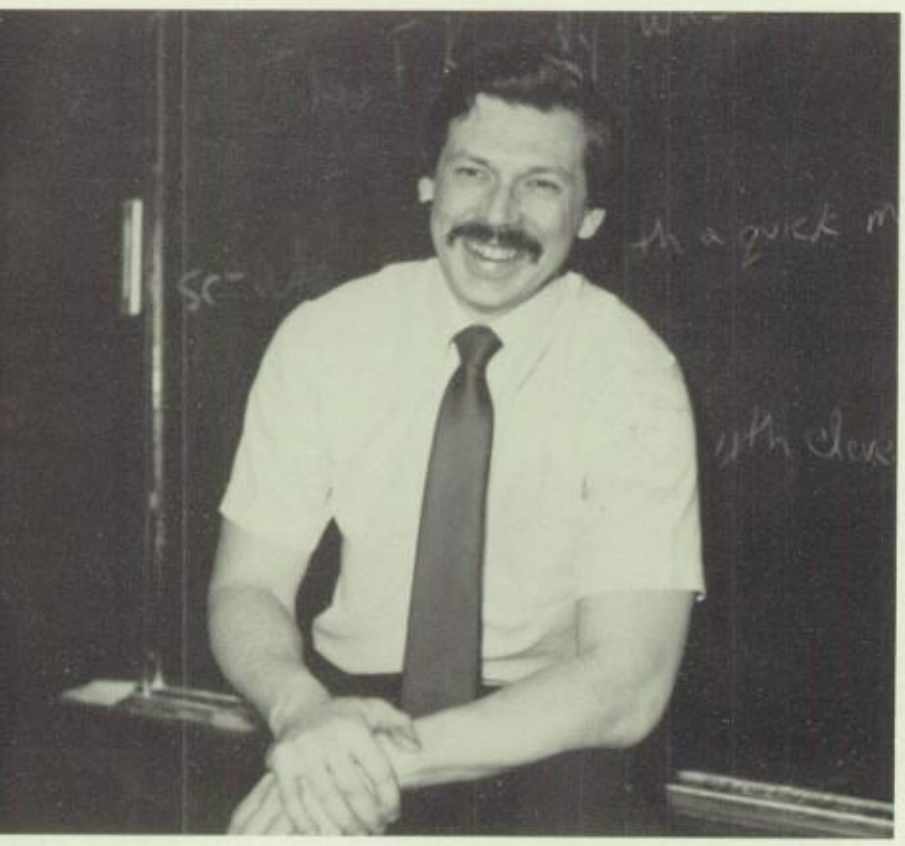
1 ▶

2 ▶

3 ▶

1

2



3

The North Central gave St. Rita accreditation for another seven years, maintaining Rita as the Catholic League high school with the longest unbroken accreditation by that body. The committee called St. Rita "an exceptional school in every way," and especially pointed to the theology program, taught by all religious; the academic program especially the staff development and increased math and science requirements (Mr. Riley, Mr. Bamberger); the "innovative" development and alumni programs (Mr. Segredo); and the "fine example of fair, consistent enforcement of rules with parental, counselling and teacher involvement" in the new discipline program (Mr. Kisicki).

They also cited the Attrition Program (Mr. Hofer), the new Computer Lab (Fr. Flach, Ms. Keller), the Recruitment program (Mr. Scanlon, Mr. Riley, Mr. Moyzis), clubs like the Ritan, Band and Speech and Drama, the Counselling Department (Fr. Follmann, Mr. Hofer, Mr. Elijah, Mr. Zalatoris), and the overall "aggressive but humanitarian" leadership of Fr. Murphy, and the administration as especially impressive aspects of St. Rita.

Led by improved academic and disciplinary programs, a set list of goals, and strong new leadership, Fr. Murphy and the administration worked this year to make Rita a "better place to learn, live and grow for everyone."

Academically, the school also took pride in many accomplishments this year. The Staff Development program rekindled enthusiasm in teachers who, on the average, have been at Rita almost 13 years (12.95 average per teacher.) The school also calculated the academic rank of its athletes, which showed a 2.87 average g.p.a. among all athletes, with 31% on the Honor Roll. St. Rita also logged two National Merit Finalists and over 40 students earning college credit for the Advanced Placement programs in History, English and Chemistry.

The school also honored Mr. James Economakos, who retired after 33 years of teaching; and honored 3 teachers — Mr. Racky, Mr. Kopecky and Fr. Flach — for 25 years of service to St. Rita.

The school also took pride in Advanced Placement Exams that showed 18 students score perfect 5's in History (15) and English (3), with 52 students receiving college credit for their high school work in English, Chemistry and History. Athletics joined the overall academic emphasis as Coach Moyzis announced a 3.20 overall g.p.a. in varsity baseball and Coach Prunty inaugurated the Basketball School Plaque, won by senior Don Lubke (3.57 g.p.a.)

CAPTIONS PAGE 84

2. MR. MICHAEL RILEY, V.P. OF STUDIES.
3. MR. MICHAEL KISICKI, V.P. OF STUDENTS

But the biggest headway academically came in three major areas – St. Rita committed itelf to three years of math and science as requirements for freshmen beginning next year; it launched a successful experimental group for low-ability students to succeed in college prep programs under Director of Student Adjustment Mr. Guy Hofer; and it continued its Adjustment Program for 78 students who were in danger of failing out, with an amazing 90% success rate in saving such students, also under the direction of Hofer.

The expanded requirements make Rita one of the first in the Chicagoland area to require three full years of mathematics and science for all graduates beginning with the incoming freshman class this year.

Fr. Patrick Murphy hailed the new, tougher requirements as keeping St. Rita "in the forefront of college preparatory education in the city and state."

Students will be required to take Algebra I, Geometry and Algebra II – all college prep math courses – and not just "consumer math" or "business math," commented Mr. Riley.

Science classes will include three of the following: Biology, Chemistry, Advanced Chemistry, Physics, Electronics, Data Processing, and Modern Physical Science.

The St. Rita High School philosophy of education "no longer has much room for wasted time in study halls – all our time will be spent on education and classwork" Riley said. "The goal for any college prep school should quite simply be to be able to train every one of its students to be able to handle college," summed up Fr. Murphy. "Our new 3-year requirements in math and science are a bold step in that direction, and we are proud to be one of the few area schools to step forward and do so."

For the first time ever, St. Rita High School allowed an experimental group of 38 students to enroll at the school – students who scored below the 20th national percentile on the STS-Bensenville national placement examination.

The special section was allowed to enroll "as part of an experiment by the school that selected lower-ability students would be able to rise up to normal Rita college preparatory standards in an intensive, demanding academic situation," said Mr. Michael Riley, Vice-Principal of Studies.

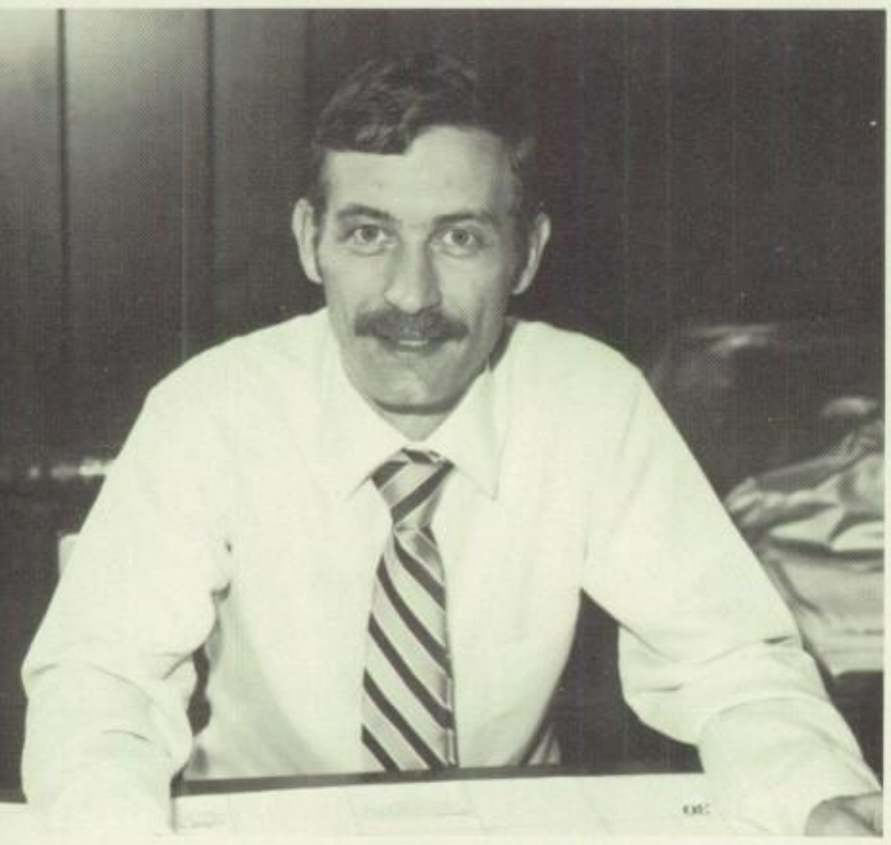
3. MR. GUY HOFER, DIR. OF STUDENT ADJUSTMENT

1

2



3

All of the students took the normal courses in Theology, Algebra, English, Science and Reading; and at year's end, "we're proud to say that 31 of the 38 students succeeded in the college prep course work and will be able to come back to St. Rita next year," Riley said, a success rate of 81.6%.

The Special Program, founded by Riley, was directed by Mr. Guy Hofer, an M.Ed. in Guidance and Counselling.

All of the students had to take mandatory summer school classes before they would be considered for entry into the Rita program – "we have always been academically selective at St. Rita, and it was quite a break in tradition to try an experiment like this" Hofer noted.

The special-program students were in a climate that demanded "high expectations for them all, teamwork among their teachers, intensive counselling, mandatory parental involvement, constant demands to produce all of their work in every class, and severe consequences including expulsion, if these demands were not met."

National testing at the end of the year revealed that the students increased their average ability skills by over 2.0 years in reading, verbal skills, mathematics and science – "another proof we're on the right track," Hofer said. And the average grade point was above 2.00 (above C) for all the students in the program.

"These students have proven a lot, but the real test is in the future for them – their success as sophomores, their ACT exams as juniors, and their ability to work themselves up to being successful college students after graduation," ended Hofer. "Their success this year, though, is proof that all kids can learn with the right kind of motivation and if they believe in themselves and their ability."

This year, Mr. Guy Hofer, assisted by Ms. Sally Zepeda, ran a new Student Adjustment Program. The Program consists of a mandatory 8th period class for any freshman who is in danger of failing out at St. Rita – that is any freshman with 3 failures or more. The program was the brainchild of Mr. Michael Riley, Vice-Principal of Studies. 78 students were assigned to the Adjustment Program this year, according to Mr. Hofer, the program's director. The students were taught "study skills, organizational skills, personal responsibility and were supervised in doing their homework for every class, as the teachers required," said Mr. Hofer. The results were impressive – 71 of the 78 students so assigned pulled their grades up to the point that they will be academically eligible to return to St. Rita next year.

"Since these students represent the exact type of students who are a school's highest risk, and are a school's "most likely to flunk out," we are happy to have been able to save over 90% of them" said Mr. Hofer.

The Student Adjustment program represents "just one more proof that any student can pass, and succeed in, our tough college prep curriculum, without anything being watered down and without being babied through" said Mr. Riley. "Mr. Hofer's work, which demanded that these students meet the requirements of the school and their teachers, is impressive proof that this is true."

NATIONAL MERIT FINALISTS

TERRY CHILDERS IS CONGRATULATED BY FR. MURPHY AT PEP RALLY

It is rare for a school to have even one National Merit Finalist – among the very top students in the United States of America.

This year, St. Rita High School produced two – seniors Terry Childers and Michael Pertel.

Both are four-year honors students at St. Rita. The award is based on nationally-normed scores in both the PSAT and the SAT, as well as a written essay that is evaluated by the College Board in Princeton, New Jersey.

Pertel excels in all areas but especially in electronics and computers. He has already rebuilt a computer system donated to him by the school, and is spending the summer designing laser-beam devices in Boston, Massachusetts.

Childers is the "Renaissance man" who has added captaincies in cross-country and track, President of the Junior Class and the National Honor Society to his list of accomplishments while at St. Rita.

Both intend to attend the University of Chicago, the fourth and fifth St. Rita students to enroll there in the past three years. "Their accomplishments are symbols of the school's constant demand for academic excellence as well as their own individual talent and ability, and we are proud of them" said Assistant Principal Mr. Joseph Bamberger.

MR. ECONOMAKOS RETIRES

Mr. James Economakos became part of the legends of St. Rita High School this year when he retired after 33 years of service to the school.

Students, sons of those students, and grandsons of those students had been taught by "Mr. E.," whose work in the woodshop has become a famous part of St. Rita High School's history.

Mr. Economakso came to St. Rita in 1952 after serving as a substitute teacher in the Chicago Public Schools. He began – and ended – his career teaching woodshop, and "he has provided the school a special service there – students can be proud when they complete something with their hands and the materials and the tools," said Rita teacher Fr. Walter McNicholas, OSA.

Many things have changed over the 33 years, but "St. Rita has changed for the better," according to Mr. Economakos.

"There is now a family spirit here which did not exist in the earlier years of the school," said the veteran teacher. "People now take more pride in the school and its reputation. They are always trying to make it better than before."

In his total career, Mr. Economakos has seen seven Principals, hundreds of teachers and perhaps nearly 80,000 students. "But after seeing the third generation of students come into my class, I knew it was time to quit."

He has generously donated hundreds of dollars of food to needy families in Chicago each year, all anonymously; he has helped countless students go to college, finish high school, or get started in their careers. For this, the school honored him at a gala banquet arranged by Development Director Mr. James Segredo at the Martinique on May 27, 1984.

"He is a unique, generous, intelligent, funny, compassionate and now a legendary man" said Mr. Segredo. "We will miss him, and wish him Godspeed and health in his future."

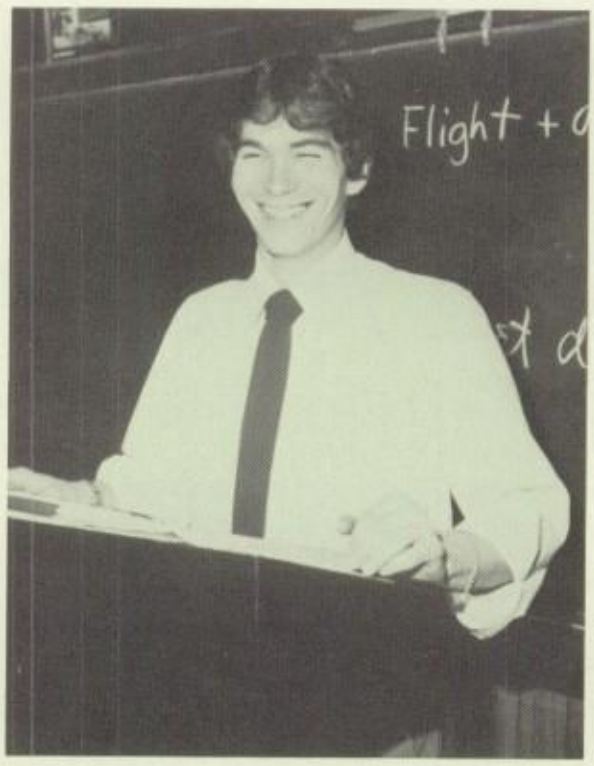
SR

TEACHERS LEAVE ST. RITA.

St. Rita High School will be losing several fine teachers from er staff this year.

Mr. Michael Riley has been named Principal of Middletown igh School in Frederick, Maryland. Fr. Robert Pare OSA has een transferred to his native Nova Scotia and Br. Charles evendar OSA has also been transferred to another school. . John Newton OSA leaves to pursue his quest for the riesthood. Ms. Susan Junkroski left St. Rita for a new job at Vest Chicago Prep High School, and Mr. James Economakos is tiring after 33 years at St. Rita.

All have contributed to the students of St. Rita High School, nd are sure to be missed by many teachers, students, parents nd alumni of this school.



Bro. John Newton, one of several teachers to leave St. Rita

Fr. Leo Cavanaugh, O.S.A.
1912-1984

St. Rita High School lost a quiet, humble and loving servant when Fr. Leo Cavanaugh, OSA, passed away as he had lived — quietly and without complaint — on January 23, 1984.

Fr. Cavanaugh was born in Medford, Massachusetts on August 10, 1912, and attended Boston College. After college he received his vocation in life and turned to the Augustinians as the vehicle through which to serve God and man. He entered the order, studied at Augustinian University in Washington, D.C., and took his first vows in 1939.

Leo Cavanaugh became Rev. Leo Cavanaugh when he was ordained to the priesthood on May 29, 1943.

Fr. Cavanaugh taught at St. Rita from 1944 to 1946, then taught at Cascia Hall in Oklahoma until 1951. He then returned to our school and put in 32 years of dedicated service to St. Rita High School, working until near his death as a teacher, a priest, and a friend to many.

"He was a real quiet and real humble man," summed up Prior Rev. Roland Follmann, OSA. "He always had a smile, he was always around to help when you needed him."

St. Rita has lost a friend. May he rest in peace.

ST RITA HONORS HER 25 YEAR TEACHERS

St. Rita High School honored three men who have combined for 75 years of service to the students of this school — three-quarters of a century of service, dedication, and education.

Dr. Donald Racky Jr. has been here for 25 years. Dr. Racky earned his Ph.d. in English from Loyola University. He has taught Advanced Placement English as well as English I, III and IV at St. Rita, and has earned countless numbers of students college credit through his work. Dr. Racky has also moderated the Ritan to 6 straight years of All-American Awards, and, most importantly, "he has taught many many young men to be sensitive, to be compassionate, to put people and feelings above materialism and profit" said Vice-Principal and former student Mr. Mike Kisicki.

Mr. Robert Kopecky has also taught at Rita for 25 years. Now teaching Ancient and Medieval and Modern European History, he has also served the school as a successful basketball coach, winning the Catholic League Light Championship in 1970. "A more sensible, respectable and classy man would be hard to find," said Mr. Racky.

Fr. La Vern Flach, OSA, served St. Rita for 25 years, including eight years as Principal. Under his leadership many of the currently successful school programs — Recruitment, Admissions, Publicity, the Alumni Hall Building — were born. He holds a M.A. in Mathematics from Villanova University and moderates the Mothers' Club.

All three men received gifts from Fr. Murphy and the school at the end-of-the-year dinner, but "no one can repay them for all they have given our students over the years," said Fr. Murphy.

All three have also been previously honored by the school, and the community. Mr. Kopecky has been a Kiwanis Man of the Year for his efforts for that charity each year, and both Mr. Racky and Fr. Flach were honored in a special plaque donated by the Student Council and Senate in 1981 for their long-standing efforts for St. Rita High School. "St. Rita needs more men like Dr. Racky, Bob Kopecky and Fr. Flach" said Fr. Murphy. "Such dedication is hard to come by in today's world, but these men have it."

THE RITA FAMILY — INTELLECTUAL GROWTH

As a Catholic college prep high school with an outstanding eputation throughout the city and the state, it is crucial to emember that we grow as a family intellectually as well — by earning new things, making new connections between ideas, ecoming more facile and at ease with new thoughts, new oncepts, new ways of doing things.

The intellectual growth of the St. Rita family is at the heart of he high school itself — it is the very reason for its being. New lasses taught by better trained teachers produces family nembers who will be successful adults and make St. Rita "proud parents" in the future.

The intellectual growth of the faculty through staff develop- nent programs, through inservice programs, through college legrees, through interaction with each other, all keep the vhole family "growing" as students of life.

Student Adjustment Programs, more math and science, North Central visitations, math and science tutors and national esting allows Rita students to grow into the intellectual family f wise thinkers and sensible human beings.

Involvement by parents in academics, in checking omework, in insuring good discipline, in insisting on religious nvolvement, in taking pink slips and report cards seriously at ome all contribute to the intellectual growth of the entire St. ita family, year in and year out.

As Catholics, as thinking human beings, and as well-rounded eople, the entire St. Rita family finds academics to be at the eart of personal growth.

1. Rita fans jam Thornridge Stadium for state playoff game.
2. Pep Club leads football cheers.
3. Large crowd urges hockey team to state victory
4. John Flanagan cheers for St. Rita basketball win.
5. Ms. Keller, a stalwart Rita baseball fan.

Looking back at the St. Rita Athletic scene after four years at its helm, former Athletic Director Jim Segredo summed up the year this way:

"St. Rita continued to show its dominance in athletics all through the 1983-84 season. Rita's been one of the top teams in the state and the league for a decade, and that's part of the overall Rita tradition of excellence in sports."

Season results bear Segredo out. St. Rita football finished 3rd in the state of Illinois; St. Rita baseball was ranked #1 in the state, won a league championship, and played in the State Regional Championship game; St. Rita Hockey won the league championship, the Kennedy Cup, and finished 2nd in the state.

Other sports contributed strong seasons as well. Soccer, despite a tough start, ended the season at 6-9-3 but played in the State Regional Championship game; golf, under new head coach Jim Prunty, won a historical high 7 matches and qualified two players for the State Regionals. Track saw sophomore Keith Thomas finish 2nd in the state's 100 meter dash championship, and cross-country missed the State Regionals by just one place, sending senior Eric Welch into the Regionals as a state qualifier.

Basketball fielded three juniors and two sophomores in their starting line-up, and produced Catholic League All-Star Billy Eaheart (16.0 p.p.g.); and tennis launched a new season under a new coach, Fr. Walter McNicholas.

"St. Rita represents hard work, effort, determination and courage in every sport" said another former Athletic Director, Mike Kisicki. "That's what all our teams displayed this year, and that's the main reason for all the success."

The Football team led the way. St. Rita's Mustangs were ranked #1 in Illinois after a 3-0 start that included a 25-6 win over Evanston, a 20-6 win over Bishp Noll and a big win over De Lasalle. A 14-6 win over Leo left Rita 4-0 as it entered the league season, still ranked #1 in the state.

But Homecoming proved to be a pitfall for the Fighting Mustangs and Catholic League Hall of Fame Coach Pat Cronin. Coach Cronin, among Illinois's winningest coaches, saw quarterback Wayne Kosakowski lead the St. Francis Pioneers to a stunning 35-20 win over Rita to start the league season as 0-1. And things got worse the following week, as the St. Laurence Vikings upset Rita 12-7 to put Rita at 0-2 and in the league basement.

Coach Cronin, an experienced veteran, led the team back. Behind the passing of quarterback Al Zaleski and despite an injury to All-State candidate lineman Mark McGowan, Rita came back to whip stubborn Mendel 12-0 and then met the new #1 team, Mt. Carmel, in a dramatic showdown at St. Rita Stadium.

The Mustangs beat the Caravan 20-19, knocking Mt. Carmel out of the playoffs, and giving them a chance to win the South crown and a bid to the state. Rita did the job it had to do, beating Rice 17-14 in the final game; but a Laurence win gave them the South Section championship and a state bid.

3. Al Zaleski burns the DLS secondary with a long pass.

7-2-0 St. Rita became the last team invited to the state playoffs, however, based on its tough schedule and impressive wins over Evanston, Noll, Rice and Carmel. And that's when the Mustangs took charge of the state.

St. Rita reeled off two straight wins over Thornridge's Falcons 19-15 and Morton East's Tigers 35-14 to reach the state semi-finals. There, in a muddy, sloppy and controversial game, St. Rita racked up 16 penalties on way to a 6-0 loss to eventual state champion East St. Louis.

A 9-3-0 season and 3rd in the state was "disappointing, but still there was a lot to be proud of" summed up Coach Cronin.

Hockey picked up where Football left off, reeling off a 35-4-0 season mark as they marched to the league crown with a 20-1-0 record, then swept past St. Laurence and Mt. Carmel to win the Kennedy Cup. Only a tough 7-4 loss to #1 ranked Glenbrook North in the state championships kept Coach Jim Misiora from a triple crown in hockey.

Rita was led by Catholic League MVP and scoring champ Jeff Schaaf; All-State and Catholic League top defenseman Mike Wilford; All-State goalie Jeff Bollmann; last year's leading scorer Brian Sabatino; and All-State honorable mention John Niestrom.

Over 3,000 people saw the state championship game, and many many more saw Coach Misiora and the Mustangs run up the best hockey season in school history.

Baseball also entered the season ranked #1 in the state, and a 30-8 season proved the ranking to be no fluke. Great pitching from Dave Howicz (8-3, 0.96 e.r.a) and Ron Biga (8-0, 0.85) led the Mustangs, who were also gifted with fine hitting from outfielders Greg Pastorek and Rich Kendra, 1st baseman Chris Malczewski, 3rd baseman Dan Fitzgerald and DH's Mike Altobelli and J. C. Pell. 6 League All-Stars came from the Rita team of 1984.

Stressing "teamwork, fun and enjoyment of the game," Rita built a 15-4 record to tie St. Laurence for the Catholic League South Championship, and soundly beat North section champion Fenwick 4-0 in their only meeting of the season. The sophomores won their 4th straight league crown behind a 28-3 season under Coach Jack Janeczko.

1 ◀

2 ▲ 3 ▼

Rita then entered state play, beating Oak Lawn 22-4 and Quigley 6-1 before bowing to state finalist Revis 6-3 on the Ram's home field. The defeat did nothing to diminish the great baseball season of the Mustangs.

The soccer team struggled early in the year, losing 5-0 to Gordon Tech and St. Ignatius, 4-1 to St. Laurence and tying Rice during the regular season. Entering the state playoffs at 4-8-3 for the season, the Kicking Mustangs rallied behind former Coach of the Year Bro. Frank Paduch and All-Stater John Niestrom to beat Quigley South and St. Laurence to reach the state regional championship game, where the Ritans bowed to University High School 4-1 to end their season.

Comebacks were also in order for the cross-country team, which ended a disappointing regular season with a 5th place finish in the State District race, just one spot away from the State Regionals. Rita finished 7th in the league in 1984, but saw its freshmen and Coach Genge win the league crown, and its sophomores produce individual champion Lance Spiotto.

Golf also came back from 6 straight losing seasons to post a school record 7 wins in a 7-6 season under Coach Jim Prunty. Brian Sabatino and Paul Vrbancic advanced as individuals into the State Regionals, and Rita missed advancing as a team by just one place, finishing 5th of 22 teams in the District meet.

Basketball also struggled this season, finishing at 7-17, but a young team of sophs and juniors will become "a contender of the future," said Coach Prunty. Junior guard Billy Eaheart, a league All-Star, will team with fellow junior Jimmy Johnson, the team's leading assist man, in the 1984-85 backcourt. Strong play from center Alonzo Dunlap, forwards Tim Walsh, Darrell Glenn, Don Shedrick, and soph guards Marc Whittaker, Jim "Pony" O'Boye and Mike Kress give the Mustangs the depth of a league and state contender in the coming year.

The sophs were 7-6 in the league and the freshmen were 11-2, 22-2 overall, as they won the league championship.

4▼

Finally, the Bowling team under Mr. Ron Nowak took 3rd in the Catholic League Tournament behind senior Paul Vrbancic, while the tennis team, hindered by a slow start and a new coach being assigned mid-season, had a 2-3 record but were eliminated from the state playoffs because not enough games had been played to qualify them. "Despite the slow start, the team will come around next year" said Fr. Walter McNicholas, the current head coach. Dina Costa and DuWan Morris led Rita to 3-2 wins over De La Salle and Weber during the season. Track, taking 3rd in the league indoor meet (best in school history), fell to last place and no points in the league outdoor meet. Despite this, they came back in the State District meet to qualify sophomore Keith Thomas in the 100 meter, 200 meter, and the long jump. Thomas scored 8 points for Rita in the state championships, finishing 2nd in the 100 meter finals at 10.5, just 0.1 seconds off the state record. Coach John Wilson and Coach Tim Scanlon took pride in Thomas's accomplishments despite the disappointing last place finish at the league meet.

Overall, Segredo's picture of Rita as a "continual state and league contender" was a true one as the Mustangs performed with the "courage, hard work and determination" that is, and will always be, the hallmark of St. Rita Athletics.

Among the highlights of the season off the athletic fields were the over all academic averages of the athletic program, the behavior and reputation earned by St. Rita's fans, and the new leadership in athletics under a new athletic director and assistant athletic director.

Fr. Richard J. McGrath, OSA, former Athletic Director in 1975-77, returned to St. Rita after a highly successful 4-year stint as Principal of St. Edward's High School in Elgin. In addition to putting that school on its financial feet and rehabilitating many run-down facilities there, Fr. McGrath also saw St. Edward athletics rise up to a state golf championship, the state football playoffs for the first time in history, and two successive state appearances in track and field. Father McGrath attempted to bring the same "quest for excellence" with him to St. Rita this year.

He was assisted by veteran baseball coach and assistant athletic director Mike Moyzis. Coach Moyzis, who rebuilt the Rita baseball program through highly successful recruiting and "an organized, classy baseball program," worked long and hard in the field of athletics, supervision of athletic facilities, and coordination of athletic recruiting. "He was an excellent worker and leader in athletics all year," stated Mr. Bill Dorrington, a football/basketball/baseball coach at Rita.

The behavior of Rita fans also drew rave reviews from sources including the Chicago Sun-Times, the Chicago Tribune, and the national Hockey News prep review. "The St. Rita fans were by far the most well-behaved and yet the most enthusiastic and energetic in the state tournament" wrote the Hockey News. "They are one of the main reasons for Rita's great 1984 season and are the best fans in the tournament."

St. Rita fans – after an embarrassing performance by coaches, players and fans in the heated East St. Louis football game – came back to "earn the respect of everyone," said Mr. Moyzis. "They avoided swearing and obsceneities even though these were constantly hurled at them at hockey, basketball and even baseball games," he said. "They just pointed to the score board, shouted positive cheers for their school, and let our Mustang teams do the talking for them."

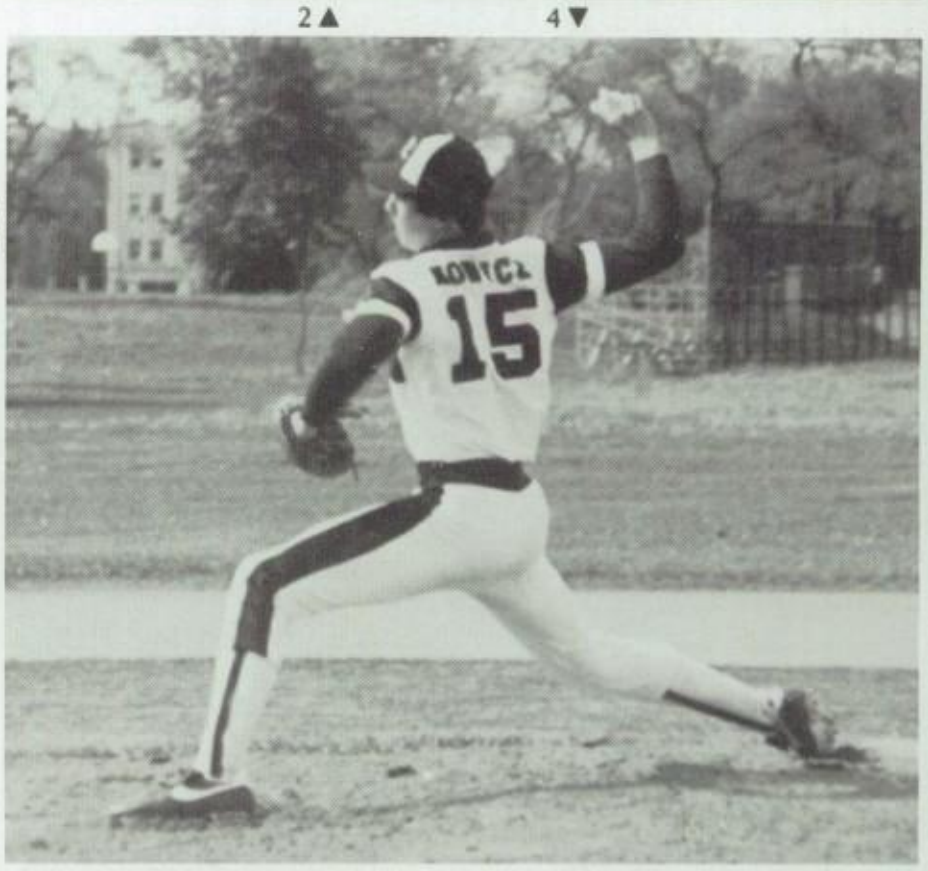
Fr. Patrick Murphy, Principal, cited the reason he is most proud of St. Rita athletics, however. Fr. Murphy announced in early June that a survey of St. Rita athletes in all sports revealed that their average grade point average was 2.87, nearly a B average for all athletes in all sports; and that 31% of the athletes were on the Honor Roll for 1983-84.

1▲

2▲

3◀

4▼



1▲

2▲ 3▼

"We are glad that our athletes are living up to the academic challenge of St. Rita High School, because we expect that much more from them as role models to the other students," said Fr. Murphy.

"Academic achievement is the heart and soul of any high school, and the main reason for its existence" said Vice-Principal Michael Riley. "All students must have academic success as their number-one priority or they don't belong in a good high school anyway," he said.

"That's why we're all so proud that the Rita athletes are good students, since that is the only real reason they are in a good high school like Rita in the first place" Riley said.

Mr. Mike Kisicki, Vice-Principal, also applauded "the excellent behavior of our athletes on and off the field, and especially the behavior of the fans – they live up to our expectations for them," he said.

And Fr. McGrath, Coach Moyzis and the whole school also were "proud of the great record these teams forged in 1983-84," according to Moyzis. "2nd in the state in hockey, 3rd in the state in football, a #1 area-ranking in baseball, best golf and indoor track seasons in history, regional championship appearances in soccer and baseball, and league crowns in varsity hockey, varsity baseball, soph baseball, freshman cross-country – it's really quite an impressive list," he said.

"We're proud of the 1983-84 season, and look forward with enthusiasm to the 1984-85 St. Rita Mustang sports year" concluded Coach Moyzis.

CHALLENGE OF SPORTS — TEAM WORK AND SHARING

For the St. Rita family of sports, the challenge goes on into next year, and the next . . . not only to win games for the good name of the school, but more importantly to grow into the family roles that St. Rita sports truly seeks to each.

To learn sportsmanship, teamwork and sharing; to learn how to work, help and support those around you.

To learn to lose with grace, style, and class; to accept a defeat as a lesson in growing up, a lesson in reality, and as a test of maturity.

To win with even more class and style, humbly, quietly, with respect for the other people you have competed with, and with gratitude to the family members who helped you.

In this way the St. Rita family grows through St. Rita sports.

Under new Activities Director Bro. Frank Paduch, the Activities scene produced new and different directions and results in 1983-84.

The re-organization of the Student Government headed the list. The Student Council and Senior Class Officers were divided into separate units, with the Council serving as administrators who delegated the work out to the proper class officers. The officers worked hard at becoming good administrators through workshops, following proper channels, and creating ways to "put in less labor time while producing better profits and output," according to senior Kerry Kodatt.

Football Homecoming was highlighted by two dances which drew 500 and 600 people, including the appearance of Big Twist and the Mellow Fellows. The Homecoming parade was also resurrected, at the urging of Council Officer Chris Larkin. The dance drew less than last year's 1250 who saw Rick Derringer in the rain, and the record 2250 who saw Off Broadway in 1981, but "all who attended had a good time," said Kodatt.

Two Battles of the Bands, a senior raffle, a Boxing Night and the sale of the homecoming button and hat allowed Bro. Frank and the Council to earn over $13,000.00 in profits that were used for the Senior Prom.

Independently of the Council, Basketball Homecoming was run by President Chris Koczwara and volunteer Dan Kress, and Pride Week was run in late March. Although the Tug-of-War, Clean Up Day, Ping-Pong, Pie-Eating and Obstacle Course were cancelled by bad weather, the week was a successful one.

The Student Council also published one newsletter to the student body, and were involved in school policy through a representative on the Administration, Matt McQuaid. The Administration had voted to allow this after a presentation by last year's Council and Senior Officers, led by John Gremer, Tom Lynch and Joe Madden; and the move signified the school's trust in the reliability and responsibility of its student government. McQuaid attended most meetings in the first semester.

The Sophomore Dance drew 60 couples in its first year, and the proms drew 106 couples (junior) and 240 couples (senior) to enjoyable, well-organized year-enders for the Rita upperclassmen. The Mothers-Sons Mass was also a success, honoring Rita juniors and their mothers in a special Mass run by junior moderator Mr. Tim Scanlon and assistant chaplain Fr. Jerry Van Overbeek. Mr. James Economakos won the Teacher of the Year Award with Mr. Woody Urchak finishing second, breaking a 6-year winning streak of the award by Mr. Mike Kisicki, Vice-Principal.

SR

A new Student Government Handbook, tighter organization, financial responsibilities for each class, a new student I.D. procedure and improvements in the boundaries of the office are among the many new improvements that the Activities Department hopes to take as they approach another new, exciting school year in 1984-85.

Much of the success of the Student Council was the result of the work of Student Council President Chris Koczwara. Besides running Basketball Homecoming by himself, Koczwara attended all the school's dances as a representative of the Council, helped in all the set-ups and clean-ups, worked with the junior and sophomore officers on his own time, and even wrote and submitted the Council's only policy recommendation – the use of "up/down designated" stairways – all on his own. "His initiative, his willingness to work hard, and his being at every event made him unique among this year's Council," said Ms. Sue Junkroski. "Chris Koczwara was an excellent example of what St. Rita Student Council should always be."

Koczwara "put people over profit; he wanted to do what was best for the students and the school, not just to make money or save himself some work" said Ms. Junkroski. For his efforts, the Council President won both the Gold Medal in Activities and in Exemplary Conduct at graduation ceremonies in May.

The Club scene also saw success, with some clubs reorganizing, some new clubs added, and other clubs dropped in order to produce a solid club and organization system for Rita students.

New additions included the Latin Mustangs, organized by Ms. Susan Junkroski. The club ran a Latin Disco Dance in February as its first event of the year. Another new addition was the Racquetball Club, under former Athletic Director Mr. Jim Segredo. Over 40 students played racquetball at Evergreen Health and Racquetball Club in this new school-sponsored activity.

Discussion of new clubs in boxing and wrestling under Mr. Tim Scanlon and Mr. Jack Ferraro were also part of the new directions in the club scene.

The Karate Club stopped meeting became "members came at the start of the year, then never came back" said Moderator Mr. Jack Ferraro. Lack of membership also ended the Photography Club and the Pep Club, and the Letterman's Club also did not organize this year.

Both the Aviation Club and the Auto Mechanics Club was finally cancelled at St. Rita. The Ski and Camping Club and Box

ing Club were also discontinued this year.

Other clubs thrived. The Ritan won its 6th straight All-American rating, among the top 100 newspapers in high schools across the nation, under moderator Dr. Donald Racky. The Yearbook continued its First-Class national ranking under veteran moderator Mr. Michael Riley.

The Chess Team finished 3rd in the Catholic League South under new moderator Mr. Ronald Dvorak, who took over after last year's team of seniors finished first in the League and 2nd in the state of Illinois. And the War Games Club also drew over 30 members as it continued to grow under 2nd year moderator Mr. Edmond Brongiel.

Musically, the St. Rita activities scene also thrived. The Band continued among the top in the city of Chicago, finishing 2nd in city competition at the annual Music Bowl at Soldier Field. The Ritanettes, Midwest Champions last year, were also among the top 10 teams nationally again this year under Mr. Bob Black. The Chorus appeared at various Christmas and grade school functions and performed "beautifully" at the Mothers-Sons Mass, according to Mr. Scanlon, who ran the event. And the Guitar Club continued to do well under third year moderator Mr. Donald Gray.

"Inscape," the school's literary magazine, published its fifth edition under the hard work of Ms. Linda Marach and editor Thomas Ryng; while the Student Broadcasting System continued to entertain students in the student center under the direction of Mr. Jim Misiora.

The Cheerleaders, directed by Ms. Sue Whooley, also brought up spirit and enthusiasm at football, basketball and hockey games, and earned national ranking for the 5th straight year at their summer camp competitions of 1984.

The National Honor Society enjoyed a productive year under moderator Mr. Joseph Bamberger, Assistant Principal. The N.H.S. served at school registration nights and Parent-Teachers' Nites as guides and speakers; they also enjoyed a gym night. The Knights of Augustine, the school's social service fraternity, also sponsored gym nights and served as tour guides as open house under the direction of new moderator Fr. Walter McNicholas.

Academic clubs also worked throughout the year. Tutoring in both science and math was provided by clubs directed by Mr. Lawrence Genge and Ms. Susan Whooley. The Electronics Club continued to teach students the basics of electricity, radio, and computers under Fr. Casimir Pazera; and the Science/Physics Club took two students to award-winning per-

3. Tom Scianna, Tedd Laskiewicz and Dan Lukasik show the Band's Music Bowl trophies at Pride Week rally.

rmances in the annual Illinois Institute of Technology Bridge-ilding Contest.

The class officers also contributed. The cancellation of eshman Spirit Week and Sophomore Power Week, which ere week-long series of contests for each class sponsored last ar, led to the Sophomore Dance at the end of the year and eshman participation in Pride Week activities. "We were rry to see Power Week and Spirit Week cancelled, but the ficers had other things that also had to be done" remarked ouncil Officer Chris Koczwara.

The sale of beer mugs by the sophomore class raised funds r the Dance, held May 11, the same day as the Junior Prom. e sophs also sold padded seats bearing the name of St. Rita another fund-raiser for their dance. Mr. Bamberger and the phomores also sponsored a volleyball game against the Luv-Bulls which drew over 200 people to St. Rita gym.

The Junior Prom highlighted the fund-raising of the juniors d moderators Mr. Ronald Nowak (first semeter) and Mr. mothy Scanlon (second semester).

Pep rallies also were run during the school year for the foot-ll, soccer, basketball and hockey teams. A year-end Rita-Fest cnic drew about 100 people to Marquette Park to hear Mr. on Gray's Band "Chick" entertain the crowd on a sunny, arm day. A sweep of Mt. Carmel by the St. Rita baseball team at same day at Marquette also entertained the crowd.

Overall, although there are some clubs that have folded, ere are two new clubs and highly successful old ones that ade the year a success. The work of the Speech and Drama ub, perhaps is Rita's most dynamic new club now in its third ar, is a symbol of all that is good and right with the St. Rita ub Scene. The production of Rita's first full-length play in er 20 years, "Murder-Go-Round," as well as the "Breakin' d Poppin'" practices and festival sponsored by the club, presents the aggressive determination of St. Rita clubs to in-lve all Rita men in their school, and through their own per-nal interests. The work of Ms. Zepeda and that club, just as e work of all the other clubs and moderators, represent the drock of involvement that makes the Rita activities' program e that the school will always hope to rely on in future years.

Parents' clubs also contributed heavily to the family "pro-cts" of 1983-1984 at St. Rita High School. The Fathers Club ntinued to work at all football, basketball and some baseball d hockey games, to work at all school dances, and to con-bute money as well as manpower to all the school's sports. der President Fran Pendergast and former president John own, the Fathers Club "bought trophies for all our sports ms at their banquets, paid for special plaques for some

ntramural Boxing returned to St. Rita this year.
tudent Broadcasting System in the Student Center.

sports, helped pay for the school banners in the gym . . . the school couldn't function without them," said Vice-Principal Mr. Mike Kisicki.

The Fathers also bought a new, $600 Wayne Tomas Plaque to replace the old one which had run out of places for athlete's names. "This allowed a great Rita tradition to continue," said Mr. Kisicki, "and the Father's Club should be highly praised for buying a new plaque."

The Mother's Club also contributed to St. Rita, as well as running an annual fashion show, and various guest speakers at their monthly meetings. The Hockey Boosters and the Band Boosters raised funds for their respective clubs, and all four worked together at Sunday Bingo to raise common funds for the clubs they are part of.

The St. Rita Teachers Association also contributed funds to the school's Leadership Scholarship Program, to pay for the costs of food for all athletes at their banquets, to various ad-books, and to other projects around the school. The Association also had various social functions including a Christmas Party and and a Golf Outing for the entire lay and religious faculty. Mr. Jim Angsten is President of the Association for the third straight year.

The St. Rita Alumni Association under Mr. James Segredo had a very successful year aiding the school and the Development Office.

The Alumni Association worked in conjunction with various other clubs, including the Fathers, Mothers, Hockey Boosters and Band Boosters, to coordinate all fund-raising efforts under Mr. Segredo.

The Alumni also contributed $3,000 to repaint the gym walls this year; and made an offer to the Student Council to refurbish the Student Center. Although the Council did not follow up on the offer, it showed the Alumni Association's interest in the school.

The Alumni also sponsored the most successful Alumni Banquet in history (over 650 in attendance) in April at the Martiniqué and followed up with the highest attendance ever at the May Golf Outing.

The Alumni Newsletter continued to inform all alumni of Rita news; and the Alumni Association aided Mr. Segredo in his many other projects in the Development Office, and the St. Rita Hall of Fame was re-established. Rita junior Mike Schaller won a car in a special raffle sponsored by the Development Office this year. Among those projects were the St. Rita Walkathon, which established over 80% participation; the Calendar Drive, in which the students set a new all-time average-per-student sales record of over 7.5 sold per student; the roast for Mr. James Economakos in May at the Martinique; various pep rallies run by Mr. Segredo; and the Green Hall Project, which is over the halfway point in earning the $1,000,000 needed to save and rejuvenate the 81-year old building that was St. Rita's first. Also a special Phone-A-Thon was held to help raise funds for the project this year. Mr. Thomas Roe took

over as President of the Alumni Association this year, working with Mr. Segredo on all these projects.

The Alumni Association under Mr. Segredo has aided the Development Office and all St. Rita High School's students and projects in 1983-84. And the Alumni Association grows in strength each year when graduation comes along.

Graduation ceremonies brought the school year to an official close – and the ceremonies this year were "very touching, organized, and impressive," according to Mr. Riley. The ceremony was led by Rev. Karl Gersbach, Provincial of the Augustinian Order; Mr. Edward Petka, a 1961 graduate who is Will County State's Attorney and who served as commencement speaker; and Fr. Patrick Murphy, Principal.

But while graduation may bring the school year to an official close, the spirit of St. Rita High School moves on in the new alumni of the school, in the many students who will return to its halls the coming year, in the incoming freshmen who will soon become part of the St. Rita Family of academics, athletics, clubs, social and religious growth – the spirit of St. Rita will live on for many long years to come.

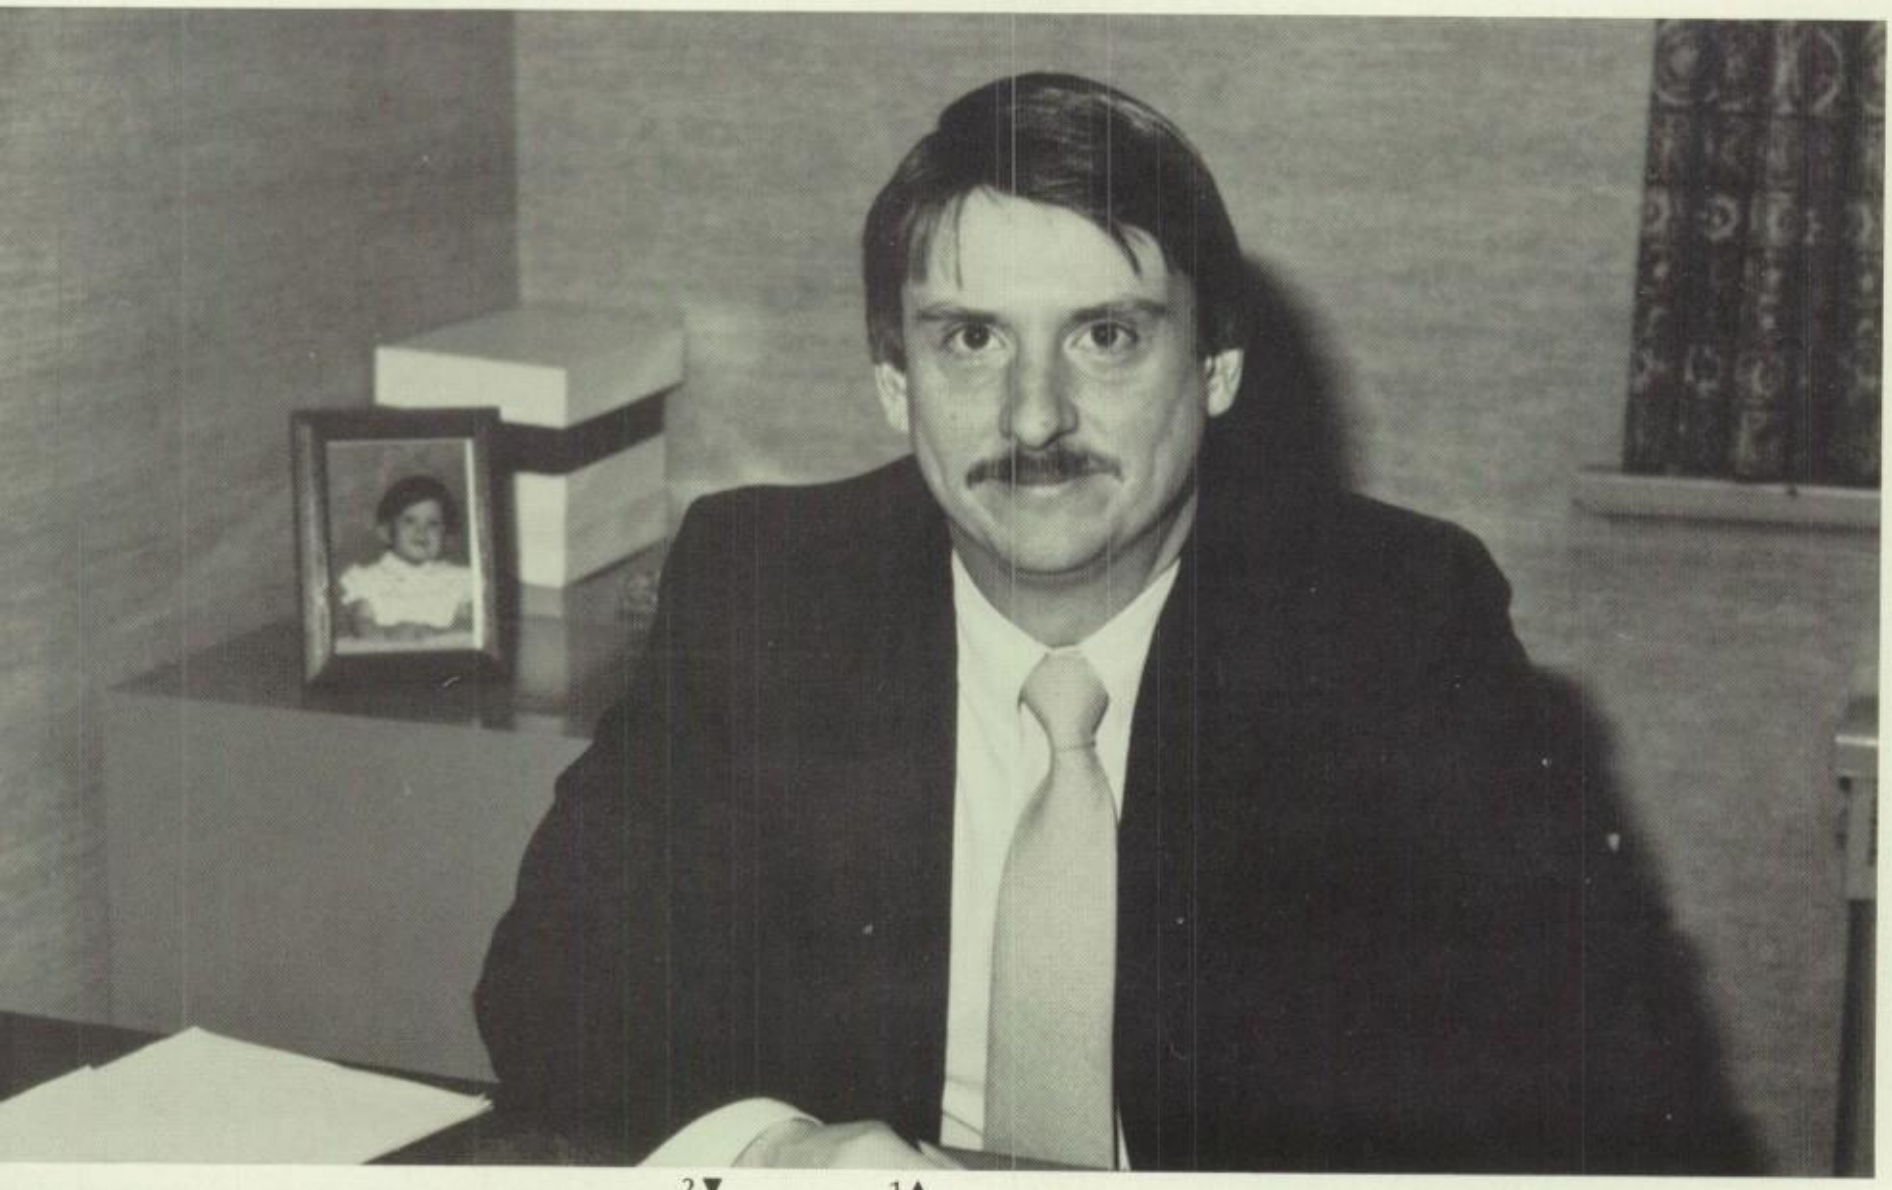
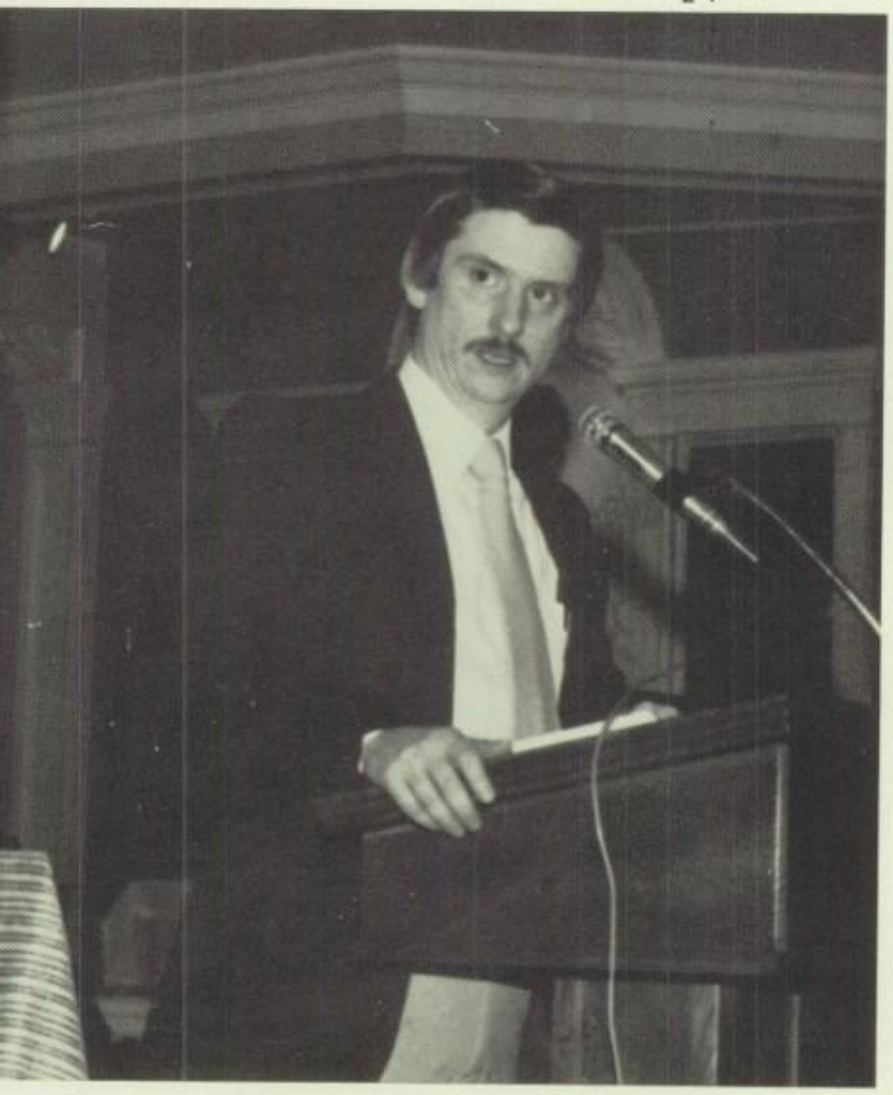
MR. RILEY TO LEAVE AFTER TWELVE YEARS





Mr. Michael Riley.
Mr. Riley at Honor Society induction.

After twelve years of tireless work, thought and dedication, Mr. Michael Riley will be leaving St. Rita High School this year.

Mr. Riley, who has earned his doctorate in educational administration from Loyola, will be made Principal of Middletown High School near Baltimore, Maryland.

In his twelve years, Mr. Riley not only moderated the yearbook, served as junior class moderator, and taught English and Reading. He also significantly contributed to the improvement of the learning environment of this school.

Mr. Riley saved St. Rita from ruin caused by loss of students through 6 years of recruiting that brought St. Rita up to 1455 students this year; he created the Student Attrition Program that helps with freshmen who are in danger of failing out of Rita, working with Mr. Guy Hofer to save a phenomenal 90% of such students from leaving the school; brought St. Rita into the modern age of college prep high schools by instituting three-year requirements in math and science for all Rita students, in his term as Vice-Principal of Studies; improved classroom teaching through his Staff Development Program; and revolutionized admissions counselling by stressing that potential students should choose the BEST CATHOLIC HIGH SCHOOL for themselves, one that offered them academic and personal success, and not just partisanly advocating one school over all others. Through all of this, Mr. Riley always credited "the fine work of many talented lay teachers, administrators and Augustinians" for his success.

He will be sorely missed; but his many contributions to St. Rita High School, which may later be seen only in a passing grade for a freshman, a senior who gets into a better college, a teacher whose class fails less tests, even a smile brought on by paging through this yearbook, will last for many long years to come.

ST. RITA ACTIVITIES — PEOPLE, NOT PROFIT

For the St. Rita family of clubs and organizations, each year is a different and challenging one — a year of new family members, new projects, new ideas, new directors, changes and successes and failures.

Clubs help teach family spirit by bringing people together after "work" and allowing them to meet new friends, to learn in a relaxed atmosphere, to enjoy each other's company, to grow as a person as well as a student of the "game."

Clubs, like families, lose members — individual clubs close down, like aviation and auto mechanics, photo and karate, weightlifting and ski and camping — and they gain members — racquetball, the Latin Mustangs. Clubs lose members individually — a graduating senior leaves — and then gain — a new freshman signs up.

Student Government, clubs, pep rallies, dances and special events teach us to work together cooperatively, and maturely. They contribute mightily to the St. Rita family.

FAMILY

In the beginning of this book, Fr. Pat Murphy talked about the RITA FAMILY and what it really means to everyone involved with St. Rita High School.

This yearbook has looked at the ST. RITA FAMILY in pictures and in words; but the reality of the "family" can only be seen in the REAl DAY-TO-DAY LIFE of the people who are part of that family.

Parents working at a Sunday bingo to help defray tuition costs of many students they don't even know, but who are part of the "family."

A teacher working after school to tutor a student in math, or science, or English – without pay, without praise, all just to help a "family member."

A cross-country runner putting in 14-15 miles on a Saturday afternoon to help his team, and his school, win a race next season – sacrificing for the "family."

An administrator taking his work home with him, figuring and typing and working all night on a program that may benefit the student body – always thinking of the "family" and not himself.

"Family" is not something that can be defined, or touched, or made visible in itself – but it IS a special feeling that brings people together to work, to help each other out, to care about each other, to strive to do the best. Rita's students, parents, alumni, lay teachers, Augustinians, administrators, staff, friends, contributors, everyone touched by St. Rita High School shares that special feeling. In this way, the St. Rita FAMILY goes beyond this book, beyond this year, and goes on forever into the past, into the future, and into our lives.
